## Independent Auditor's Report on Review of Interim Financial Information

### To the Board of Directors of Mermaid Maritime Public Company Limited

I have reviewed the accompanying consolidated and separate statements of financial position of Mermaid Maritime Public Company Limited and its subsidiaries, and of Mermaid Maritime Public Company Limited, respectively, as at 30 June 2023; the consolidated and separate statements of comprehensive income for the three-month and six-month periods ended 30 June 2023; the consolidated and separate statements of changes in equity and cash flows for the six-month period ended 30 June 2023; and condensed notes (“interim financial information”). Management is responsible for the preparation and presentation of this interim financial information in accordance with Thai Accounting Standard 34, “Interim Financial Reporting”. My responsibility is to express a conclusion on this interim financial information based on my review.

#### *Scope of Review*

I conducted my review in accordance with the Thai Standard on Review Engagements 2410, “Review of Interim Financial Information Performed by the Independent Auditor of the Entity”. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Thai Standards on Auditing and consequently does not enable me to obtain assurance that I would become aware of all significant matters that might be identified in an audit. Accordingly, I do not express an audit opinion.

#### *Conclusion*

Based on my review, nothing has come to my attention that causes me to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with Thai Accounting Standard 34, “Interim Financial Reporting”.

These notes form an integral part of the interim financial statements.

The interim financial statements have been approved and authorised for issue by the Board of Directors on 10 August 2023.

**1 Basis of preparation of the interim financial statements**

The condensed interim financial statements are presented in the same format as the annual financial statements together with notes to the interim financial statements on a condensed basis (“interim financial statements”) in accordance with Thai Accounting Standard (TAS) No. 34 *Interim Financial Reporting*, guidelines promulgated by the Federation of Accounting Professions. The interim financial statements focus on new activities, events and circumstances to avoid repetition of information previously reported in annual financial statements. Accordingly, these interim financial statements should be read in conjunction with the financial statements of the Company and its subsidiaries for the year ended 31 December 2022.

In preparing these interim financial statements, judgements and estimates are made by management in applying the Group’s accounting policies. Actual results may differ from these estimates. The accounting policies, methods of computation and the key sources of estimation uncertainty were the same as those that described in the financial statements for the year ended 31 December 2022.

As at 30 June 2023, the Group and the Company has negative working capital of US Dollar 23.5 million and US Dollar 22.3 million, respectively. The management have assessed and confirmed its intention to continue the operations. Additionally, the parent company has provided financial assistances which they will not call upon the borrowings for the next 12 months or unless the Company has sufficient funds to meet the outstanding financial obligations to the parent company.
